

A delegation to the 3rd Six Sigma Convention organized by China Association for Quality (CAQ)

The 3rd Six Sigma Convention organized by the China Association for Quality (CAQ) will be held at ShenZhen during 2-4 November 2005. This year the convention will cover a number of activities including seminars, talks, experience sharing, round table forum, showcase of Six Sigma reference book and software, etc. Details are found in the attached document.

Six Sigma Society of Hong Kong is invited to join this wonderful event. As such, the Society intends to form a delegation of about 10-15 participants so that we can negotiate and enjoy better price for the entrance fee, to request for a special session to discuss Six Sigma matters between the organizers and the delegation, etc.

The Society believes that this event meets the objectives and mission of the Society and shall benefit a lot to its members. Therefore, the Society decided to sponsor HK\$8,000 to this event in the form of subsidizing the registration fee. (For example, if a delegation of 10 is formed, the registration fee /participant will then be reduced from original HK\$1800 to HK\$1,000, not including the possible further reduction that we can negotiated).

Should any of the Members is interested in this event, please fill in the below application form and fax it back to our Secretary Mr. Ricky Cheng at 2788 5011 not later than 10 October 2005. Application will be considered in a first come first serve basis until the reasonable size of the delegation is formed. Successful candidates will be informed to pay the exact registration fee through e-mail after the deadline for application. Once accepted the offer, successful candidates cannot withdraw or else they will still be charged the fee. For enquiries, please contact Mr. Ricky Cheng at 2788 5017.

Application Form

I'd like to join the 3rd Six Sigma Convention organized by the China Association for Quality from 2 to 4 November 2005.
